

Priovant Therapeutics, Inc.
Comprehensive Compliance Program and
Annual California Declaration of Compliance:
January 1, 2026 – December 31, 2026

Priovant Therapeutics, Inc. hereby declares that, to the best of its knowledge, information and belief, and based upon its good-faith understanding of the statutory requirements, it has established a Comprehensive Compliance Program that is in material compliance with the requirements of California Health and Safety Code §§ 119400-119402.

As required by, and in accordance with the definitions set forth in, California SB 1765, Priovant has established an annual dollar limit to healthcare professionals in California for certain promotional activities. This annual dollar limit is \$2,000 per such individual and may be revised from time to time. It includes occasional meals and snacks, meals provided in connection with a Priovant speaker program, and any educational items, such as medically related textbooks or journals. It does not include grants for medical education, professional service or consulting fees, patient education materials, and approved scientific reprints.

While Priovant's Comprehensive Compliance Program cannot completely eliminate the possibility that an individual employee will engage in improper conduct, our program is reasonably designed to prevent and detect violations of applicable laws, rules, and regulations, as well as our own internal policies and procedures.
